RE: ML 45609-BSLS; Development Drilling

Dear Mr. Showalter:

The Trust Lands Administration has reviewed your Notice to perform developmental drilling and expand the Papoose rock quarry upon lands within the above numbered state lease. The agency has no additional requirements at this time. You may proceed with operations upon securing permits which may be required by other government agencies, including the Division of Oil Gas & Mining. Please keep me advised of your progress in completing this project.

Sincerely,

JOHN T. BLAKE
